

Environmental Policy Statement

Recycling and Data Services believe that we have a responsibility to care for and protect the environment in which we operate and are committed to improving environmental performance in our business activities.

Recycling and Services recognises our key impacts to be in the areas of:

- waste recycling
- transport

We will strive to:

- Adopt the highest environmental standards in all areas of operation, meeting and exceeding all relevant legislative requirements.
- Continually assess our organisational activities and identify areas where we can minimise impacts.
- Minimise our own waste through careful and efficient use of all materials and energy.
- Reduce risks from environmental, health or safety hazards for employees and others in the vicinity of our operations.
- Continually assess the environmental impact of all our operations and complete an environmental aspects and impact register for each of our sites.
- Set targets for waste diversion and vehicle journeys for each site and monitor our performance against these.
- Set targets for Employee Engagement in Environmental issues.

Recycling and Services will periodically review performance and endeavour to improve our environmental performance.
